NUMBER 203.

DISTRIBUTION OF CASH

Protracted Discussion In the Miners' Convention Over Relief.

SUPPORT OF ANTHRACITE MEN FIRST.

Some of the Delegates Desire to Provide Aid For Striking Bituminous Coal Diggers From the Proposed Assessment.

Indianapolis, July 19.—The question of whether the assessment recommended by President Mitchell for the relief of the anthracite miners be used also for the benefit of striking bituminous miners in different parts of the country was the only thing before the mine workers. The debate grew so energetic that it was determined to hold an executive session during the afternoon. Nothing was determined during the morning regarding the distribution of the assessment.

The report of the committee on credentials was finished, announcing that there were 2253 votes in the convention.

The convention then took up the question of adopting the recommendations of the president. At the adjournment there were two amendments to the motion of adoption. These were promptly laid on the table, and the question reverted to the original motion. Only a few delegates voted on either side of the two motions. President Haskins of Ohio moved to amend the recommendation regarding the application of the relief fund to cover all existing strikes that have the endorsement of the executive board.

President Mitchell announced that all existing strikes were being cared for, and said that there was no intention of withdrawing this support. Delegate Dolan of the Pittsburgh district declared that the relief granted in that district was not adequate, and President Mitchell declared that in such case the relief must be increased.

A motion to table the Haskins amendment was lost.

Mr. Haskins made a strong speech in favor of his amendment, claiming that it was no more than just that whatever relief was voted should be apportioned among all the strikes.

Secretary Dempsey of District No. 1, anthracite, announced that the anthracite miners would support the recommendations of President Mitchell, provided that if the assessment urged by the president be not found sufficient it should be increased according to the judgment of the officials of the order, and provided that the output of bituminous coal in the anthracite district should be curtailed.

John P. Reese of Iowa urged that the convention had been called to care for the anthracite strike, and that inasmuch as the recommendations of the president was based on the minimum sum necessary to support the anthracite men and that a further distribution would weaken them so that the anthracite strike might be lost. If more money was needed, the assessments should be increased. Terrific applause greeted the speech of Mr. Reese.

President Patrick Gilday of District No. 2 spoke strongly in favor of distributing the relief fund to all strikes. Several long speeches, which were not to the point under discussion, provoked a motion that all speeches should be restricted to five minutes. Delegate Fitzpatrick, who made the radical speech Thursday, shouted from the gallery:

"Oh, if you want to railroad this thing through, railroad it."

President Mitchell offered to recognize Mr. Fitzpatrick, but the latter replied in a disgusted tone: "Oh, I don't want the floor—what's the use."

Thomas D. Nichols, president of District No. 1, anthracite, spoke against the amendment. Vice President Lewis asked that the convention go into executive session to discuss the assessment proposition, and it was decided that the afternoon session should be of an executive character.

Sentiment Against Strike.

Indianapolis, July 19.—The sentiment among the delegates to the miners' convention was fully as strong as ever against a strike, and all danger of such an event is now passed.

The anthracite men favoring a strike admitted that there was no chance of a walk-out. They were hopeless when a majority of their own men were opposed to a strike and they came into the convention determined to stand as a unit by the recommendations of President Mitchell.

The convention was called to order at a few minutes after 10 a. m., and

almost immediately a recess of one-half an hour was taken to enable the delegates to arrange details regarding railroad tickets.

Thomas L. Nichols, president of District No. 1, anthracite, which was chiefly instrumental in calling the convention, denied that he had been in favor of a general strike.

"I never was personally in favor of a strike," he said, "but knowing how the majority of our people feel, I should have voted for a general strike if the question had come before the convention. I guess it is just about certain that there will be no strike, and if a good fund is raised, I think that it will be just as well. It is the best that can be done now at any rate."

WARDEN JAMES

Recognizes the Remains of David Merrill, Escaped Convict.

Salem, Ore., July 19.—The remains of David Merrill, escaped convict, have been delivered at the Oregon penitentiary after being brought here by Mrs. Mary Wagoner, who found the body near Chehalis. Warden James of the Oregon penitentiary and one of the prison guards readily identified the dead convict. The casket was interred in the prison cemetery without ceremony. Mrs. Wagoner made a formal demand upon Superintendent Lee for the reward of \$1500. Mr. Lee declined to pay the same, offering \$300 for her trouble and expense, and explaining that the reward could only be paid for the capture of the convict, and that she had not captured Merrill, but had merely found his dead body by accident. Mrs. Wagoner refused the amount offered and made a formal written demand for the full reward to be presented to Governor Geer.

The Gaynor-Greene Case.

Quebec, July 19.—The proceedings in the Gaynor-Greene case consisted in the filing of the affidavits and it was only a short time before the adjournment of the court that Mr. McMaster, for the prosecution, commenced his argument on his motions to quash the habeas corpus writs issued by Judge Caron on June 20 and 21 last. The proceedings were opened by Mr. Taschereau, counsel for the prisoners, who produced affidavits of Benjamin Greene, to the effect that on May 17, Mr. Edwin called on him at the Windsor hotel, Montreal, when the proposition was made that \$500,000 be paid to stop the prosecution.

Startling Poisoning Case.

Columbus, O., July 19.—The elopement of John Smith and Maggie Canan, a young couple of Washington, Pa., had a tragic ending. They stopped at the Exchange hotel here and registered as John Thomas and wife. Although Smith claimed to the girl that he secured a license, later developments showed he had not secured one. Smith put strychnine in ice cream, which he purchased and which both ate. The agonizing cries of the girl attracted attention and her life was saved, but Smith died in great agony.

Thought Relatives Burglars.

Murphysboro, Ill., July 19.—Mrs. George Joubert shot and killed her husband and brother-in-law, Moses Joubert, whom she took for burglars. The Joubert family reside about five miles east of Ava. George and his brother Moses had been to that village, and returning home in an intoxicated condition, proceeded to break down the door, which Mrs. Joubert had locked. The woman became frightened and supposing they intended to kill her, fired with her husband's revolver, killing them.

Engineer Killed.

Greencastle, Ind., July 19.—A freight on the Big Four railroad struck four coal cars that had been run out from a siding to the main track near Lena. The engine was overturned and W. F. Kilfer, the engineer of Mattoon, was killed. The wreckage was piled high.

Death of Calloway.

Lexington, Mo., July 19.—Joseph Calloway, a member of the Quantrell band during the civil war, is dead here from stab wounds inflicted by Doc Johnson in a quarrel on the ferryboat here on Tuesday. Before dying he exonerated Johnson.

Escape of Convicts.

Michigan City, Ind., July 19.—George Moore, from Grant county, and Thomas Ford, from Indianapolis, colored convicts in the state prison, escaped. They were employed in the chair shop as firemen. They made a ladder with which they scaled the walls.

Want More Wages.

Ironton, O., July 19.—The employees of the Huntington and Ironton divisions of the Camden Interstate Railway company have organized unions. It is understood that they will make a demand for a material increase of wages and will strike if it is not granted.

REHEARSAL RESUMED

Preparations For Pageantry Incident to Coronation of King.

OFFICIAL NOTIFICATION OF DATE.

By His Majesty's Command the Crowning of King Edward and Queen Alexandra Will Occur on August 9.

London, July 19.—An official notification was issued made by the king's command that the coronation of King Edward and Queen Alexandra will take place Aug. 9. Rehearsals of the procession from Buckingham palace to Westminster abbey took place and the officials of the various state departments concerned in the abbey ceremony are again busy with preparations for the crowning.

Prevented a Strike.

Chicago, July 19.—Officers of the teamsters' national union put a quietus upon a strike of 1000 lumber teamsters. The union had voted to strike in support of their demand for an increase of 10 per cent in their wages, time and a half for overtime and recognition of their organization. It was their intention to walk out. President Young and Vice President Johnson heard of the intended action of the union, and called upon the officials of the Illinois Lumber Dealers' association. They were informed that the lumber dealers were willing to pay the advance asked, which amounts to little more than \$1 a week, and a meeting will be held to arrange details.

Wireless Telegraphy.

Seattle, Wash., July 19.—Wireless telegraphy is to be given a practical test in Alaska. A line about 180 miles long is to be constructed for the use of the United States signal service from Fort Gibbon to Bales Rapids, and it is the present intention to have the line in operation by Oct. 1. Messrs. Welby and Newman, two expert operators for the new system, are now en route from New York City to Seattle, from where they will start for Alaska. They are at the head of a party of skilled workmen, and on the same train that brings the expedition to Seattle is an express car filled with condensers, wire and the apparatus necessary for the establishment of stations.

To Restore Tien Tsin.

London, July 19.—Replying to a question in the house of lords regarding the position of affairs in China, the foreign secretary, Lord Lansdowne, said it was hoped to restore Tien Tsin to the Chinese within a month. Answering another question, Lord Lansdowne said that the Chinese indemnity debt was a gold debt, but Great Britain was not vindictive and in consequence of the serious depreciation in the value of the tael had suggested to the other powers a mitigation of the terms by which during the first eight years China should not pay more than she would have done had the tael maintained its value.

To Aid Miners.

New York, July 19.—A conference has been held here of representatives of about 25 labor unions under the auspices of the Central Federated union. The object of the meeting was the formation of a plan for aiding the anthracite miners who are on strike. Father Curran of Wilkesbarre, Pa., who tried recently to get the operators to settle the strike, was present, and was invited to make an address.

Carnegie Honored.

London, July 19.—The freedom of St. Andrews, Scotland, was conferred on Andrew Carnegie, Lord Elgin and Lord Balfour of Burleigh, trustees of the Carnegie university fund. Provost Welch eulogized their services and dwelt on Mr. Carnegie's eminent zeal for the welfare of his fellow-men.

Two Buildings Wrecked.

Boston, July 19.—An explosion of sewer gas, which had permeated the cellar of a house in the Jamaica Plain district, wrecked that dwelling and the next one, and caused injury to several persons. The seriously injured are: Emma Morgan, 36, and Emily Houston, 25.

Death of a Statesman.

Yokohama, July 19.—The Marquis Saigo, a distinguished statesman, died of cancer. He commanded the Formosa punitive expedition, held many cabinet posts and was a brother of the hero of Satsuma rebellion.

Houston, Tex., July 19.—The Democratic convention for the eighth congressional district renominated Thomas H. Ball for a fourth term.

ARREST OF COREY.

Postal Officials Think They Have Captured a Daring Swindler.

New York, July 19.—By the arrest of George G. Corey in Paterson, Putnam county, N. Y., the postal authorities believe that they closed the case of an alleged daring swindler, whose operations are alleged to have extended from this country to England and France, and who has stolen not less than \$500,000. Corey was arrested by Postoffice inspector M. H. Boyle for using the mails for fraudulent purposes.

It is the belief of the postal authorities that the prisoner is identical with Charles Corey, whose success in persuading the members of the Corey family all over the country to advance him \$40,000 on the pretense that he could place them in possession of an estate in England worth \$40,000,000 recently came to notice.

In Paterson, Corey is said to have announced he was a great grandson of John Drake and his heir, he was the true owner of large tracts of land in Putnam and West Chester counties, the deeds for which he is alleged to have pretended to possess. By threats that he would enforce his claims unless bought off, he is said to have obtained considerable sums of money from the occupants of farms in that region. He is alleged to have been engaged in writing a letter to a farmer when the arrest was made. Inspector Boyle says he found a satchel filled with copies of deeds to the Drake estate in this country and the Corey estate in England.

Corey insisted, after his arrest, that he was not a swindler, but that the estate actually existed, and that they were worth not less than \$10,000,000. He was locked up in Ludlow street jail.

Charged With Conspiracy.

Chicago, July 19.—Ten members of the village board of Harlem, as well as Harlem's chief of police, were arrested on charges of conspiracy preferred by A. C. McCarroll, president of the South Harlem Protective association. Warrants also were taken out for the presidents and secretaries of the Harlem and Hawthorne tracks. The charge of conspiracy is made on the allegation that members of the village board agreed with the officials of the Harlem and Hawthorne race tracks to allow promiscuous gambling to continue at the former track after the officials of both board and race track had been notified that the village ordinances prohibited gambling.

Earthquake in Persia.

Bombay, July 19.—A severe earth shock was experienced at Bunderabbas, Persia, July 9. It lasted three or four minutes, and was followed by lighter shocks. All the chief buildings were shaken. The governor's house partly collapsed and the custom house was destroyed. The whole population was panic-stricken. But one fatality was reported. The shocks are believed to have originated at Kishm Island, whence loud detonations were distinctly audible at Bunderabbas. It is feared that the destruction at Kishm has been heavy. A few years ago an earthquake at Kishm killed hundreds of people.

To Extinguish Flames.

Jennings, La., July 19.—The situation in the oil field here is unchanged. The fire is still burning with as much fury as ever. Some say it is increasing, but the operators deny this. Workmen are busy digging trenches to drain away the oil and throwing up levees to prevent any further spread of the fire. Two cars of chemicals which are to be used in addition to the steam have arrived, and were immediately taken to the field. It will not be until Saturday that all things will be in readiness to make the attempt to put the fire out with steam and chemicals.

Receiver For Oil Lands.

Houston, Tex., July 19.—Application has been filed in the United States court for the eastern district of Texas for a receiver for the oil companies, which have their lands and wells in the Veatch league in the Beaumont oil fields. Annie Trench and Frederick Trench of England are the applicants. They have heretofore filed suit to test the title, and now allege that the oil is being removed to their great loss. The application is set down for hearing at Sherman July 28 before Judge Bryant.

Mine Officials Blameless

Park City, Utah, July 19.—The coroner's jury has rendered a verdict that the officials of the Daly-West mine are entirely blameless for the accident by which 35 men lost their lives. The remains of Charles Nelme were shipped to his former home in Calumet, Mich. Nelme was a student at Ann Arbor university. He spent two years there and came west to earn enough money to complete his education.

MOTHER TAKES BODY

Of Her Son, Hanged For Murder In Canada, to Her Home In Illinois.

HISTORY OF FRED LEE'S CRIME.

The Sensational Shooting of Constable William Boyd Is Avenge in the Eyes of the Law.

Toronto, Ont., July 19.—Fred Lee Rice was hanged here for the murder of Constable William Boyd on June 4, 1901.

Rice was dressed in a neat fitting suit of dark clothes, with a rose in his coat. He went to the gallows as calmly as if he were going to an evening party. During the morning he received his spiritual adviser, and the two talked of religious matters for half an hour. Then Rice spent a quarter of an hour in silent prayer. When the hangman entered the cell he was received with a smile by the condemned man. Rice mounted the steps of the gallows without a tremor and his execution followed a few moments later.

His body was handed over to his mother, who started at once for his late home in Illinois.

Rice, together with Frank Rutledge and Thomas Jones, were on trial for robbing the postoffice at Aurora. While being conveyed from the court house to the jail on the day of the murder a package, in which were two revolvers, was thrown into the carriage.

County Constables William Boyer and Walter Stewart were in the cab with the prisoners. In the struggle, which followed for the package, Rice got the revolver and shot Boyd. He then pointed at Stewart, who gave up and told the prisoners to "get out." As soon as they left Stewart drew his revolver and fired after the prisoners as they were boarding a passing car. One of the shots struck Jones in the groin and the arm. The prisoners were overpowered and taken to the jail. Meanwhile Boyd had been taken to the hospital, where he died a few days later.

Jones was also taken to the hospital, his arm amputated, and he, too, died. The day after the fight, Rice and Rutledge were brought into court and their trial was continued, resulting in their conviction and sentence to Kingston penitentiary for 21 years. Rutledge committed suicide by hurling himself from a balcony in the jail to the stone floor below. A charge of murder was then made against Rice and he was found guilty to be hanged.

Rice came from Champaign, Ill., where his people are highly respected. Every effort had been made to have the death sentence commuted to life imprisonment.

INTO A BUILDING.

An Electric Car Jumps the Track With Disastrous Results.

Lorain, O., July 19.—Car No. 37, in charge of Motorman Elmer Nauman, telescoped a building at Elyria. It had 23 people on board. The car jumped the sharp curve and buried itself in the building. One-half of the building was wrecked and the car was twisted and broken up completely. I. J. Gaudern, a conductor on the line, suffered concussion of the brain and cannot live. The family in the building narrowly escaped instant death. The injured were from Elyria. They are: Elmer Nauman, Harry Braunman, Charlotte Taylor, B. H. Blakeny, Arthur Patz, Harry Dowd, George Flood, George Daniels, Fred Carman, J. J. Buckley, John Coleman, Mrs. John Coleman, Gertrude Beaser, Hattie Beaser, Hattie Ward.

Contributions For Tower.

New York, July 19.—A cablegram sympathy for the people of Venice over the collapse of the Campanile has been transmitted by the National Arts club to Henry Albert Johnson, United States consul at Venice. A subscription has been started at the arts club in aid of the fund for rebuilding the famous tower. A committee of club members will handle the fund, contributions to which have been asked from all members of the house of Gondola.

Countess Secures a Divorce

London, July 19.—Countess De La Warr was granted a divorce on the ground of the earl's desertion and misconduct. The countess was given costs and the custody of her children.

Referred to Feehan's Death.

Denver, July 19.—President Keating of the Ancient Order of Hibernians, in his annual report, referred feelingly to the death of Archbishop Feehan of Chicago.

EVENING BULLETIN. DAILY, EXCEPT SUNDAY. **ROSSER & McCARTHY,** Proprietors. SATURDAY, JULY 19, 1902 DEMOCRATIC TICKET. For Congress, JAMES N. KEROE, of Masou. For Judge of the Court of Appeals, THOMAS H. PAYNTER, of Greenup. **THE WEATHER RECORD.** [For the 24 hours ending at 6:30 a. m.] State of weather.....Parly cloudy Highest temperature.....96 Lowest temperature.....69 Mean temperature.....82.5 Wind direction.....Southwesterly Precipitation (inches) rain......05 Previously reported for July.....1.19 Total for July to date.....1.24 July 19th, 10 a. m.—Fair to-night and probably Sunday. Not so warm to-night. This thing of promoting and retiring army officers is a rather expensive busi- ness in one sense. The President has promoted and retired forty Brigadier- Generals recently. It didn't cost him a cent, says an exchange, but it hits the public treasury for about \$259,000 a year, all the same. JOHN MILLS, a Green County (Ohio) farmer, sold 20,000 pounds of wool the other day, the proceeds of seven years' clipping. He was led to believe that the Dingley bill was going to make mil- lionaires out of the flock masters, says the Georgetown News-Democrat, and he refused to sell, although offered 25 cents a pound for his wool. He sold last week at 16 cents. CONTEMPLATING the amazing profits of the steel trust for the past three months, some \$37,691,696, the Philadelphia Bul- letin, an independent Republican news- paper, confesses that this raises the question whether the time has not come for a reduction in the tariff on iron and steel. Oh, it would never do to reduce the tariff. This "infant" steel trust couldn't survive. THE cry of "copperheads" was raised by Republicans a month or two ago against all who dared to denounce the outrageous doings of General Smith, Lieutenant Waller and certain other officers in the Philippines. Now that the President has censured both of those named and summarily placed General Smith on the retired list, we reckon the rauters will go way back and sit down. The Presi- dent uses this strong language in censur- ing Messrs. Smith and Waller: "In the recent campaign ordered by Gen. Smith, the shooting of the native bearers by the orders of Maj. Waller was an act which sullied the American name, and can be partly excused because of Maj. Waller's mental condition at the time; this mental condition being due to the fearful hardship and suffering which he had undergone in his campaign. It is impossible to tell exactly how much in- fluence language like that used by Gen. Smith may have in preparing the minds of those under him for the commission of deeds which we regret. Gen. Smith has behind him a long career, distinguished for gallantry, and on the whole for good conduct. Taken in the full, his work has been such as to reflect credit upon the American army, and therefore upon the Nation; and it is deeply to be regretted that he should have so acted in this in- stance as to interfere with his future use- fulness in the army. I hereby direct that he be retired from the active list." In transmitting the findings of the court to the President, Secretary Root said in part: "An examination of the evidence has satisfied me that the conviction was just, and that the reasons stated for the very light sentence imposed are sustained by the facts." Gen. Smith, in his conversa- tion with Major Waller, was guilty of im- temperance, inconsiderate and violent expressions which, if accepted literally, would grossly violate the humane rules governing American armies in the field, and, if followed, would have brought lasting disgrace upon the military service of the United States. FOR CIRCUIT JUDGE. The formal announcement of Hon. Frank P. O'Donnell as a candidate for Circuit Judge of this district, subject to the action of the Democratic party, ap- pears in to-day's issue of the BULLETIN. It will be received with special pleasure by his many friends, because his candidacy will afford them another opportunity to manifest their loyalty by giving him their influence and support in the race and doing all they can to further his as- pirations. Mr. O'Donnell enters the con- test in response to urgent solicitations from members of the bar and other friends, both in Mason County and throughout the district, and he is in the fight with the determination to win. In the very prime of vigorous manhood, and peculiarly fitted for the position by temperament and training, and withal a gentleman of the most studious hab- its and of unsullied character, he would reflect honor upon the bench. His keen perception of the law was de- monstrated in the litigation to compel corporations to pay a franchise tax to counties, cities and districts as well as to the State. The Court of Appeals only recently rendered a decision sustaining this contention, whereby not only the county of Mason but every other county in the district will be greatly benefited. Mr. O'Donnell was one of the leading at- torneys for the counties in that suit, helping to fight the case from its incep- tion through the various courts. That he is thoroughly qualified in every way for the high office he seeks, will be ac- knowledged on every hand. Ever digni- fied and courteous in his bearing, yet withal of a genial and pleasing disposi- tion, he commands the respect of all who know him and enjoys the confidence of a wide circle of warm friends who will take great delight in helping him out in his present race. BORN IN LOUISVILLE Was Queen of the Sect of Devil Worshipers Destroyed With St. Pierre, Mar- tinique. [Exchange.] Somewhere in the ruins of St. Pierre, Martinique, probably burned into an un- recognizable mass of ashes, lies the re- mains of a woman said to have been born in Louisville, Ky., in 1864. Diana Vaughan was one of the foremost mem- bers of the sect, if sect it can be called, which flourished in St. Pierre in greater numbers than anywhere else, and which had as its object the debasing, profaning and ridicule of all forms of God-fearing religion. The forms of worship, as they saw fit to call their parodies and blas- phemies of Christianity, consisted in the ridicule of Christian forms of worship. The sect of Satanists, devil worship- pers, and Diabolists, as they are variously called, claim to be something more than mere scoffers. They are not atheists, but recognize Satan as an immortal being, and devote their worship to him. The origin of the religion, it is claimed, was an interview which Thomas Vaughan, of medieval times, had with the devil, in which he was ordered to come to the ter- ra incognita of America, where he should have Venus Astarte for a spouse. The father of Diana Vaughan was a de- scendant of this man, and was a disciple of Satanism and was connected with Al- bert Pike, the Satanist priest of Charles- ton, S. C. In 1864, while in Kentucky, Diana was born and went later with her father to St. Pierre, where the Satanists had the largest representation, numbering sev- eral thousand. She had attained the position of high priestess, Chevaliere-elect Palladic, Mis- tress Templar and numerous other titles, and was the only woman in the sect who occupied such advanced posts. Among the tenets of the order are free love and prostitution of all forms of devotion. Their "black mass" consists of debasing the communion services stolen from Roman Catholic Churches in inconceivable ways, and their services are blasphemy and oaths against Chris- tianity. The sect came into Martinique with an unfrocked monk named Vintras. Pious dwellers of Martinique look upon the de- struction of St. Pierre as a manifestation of God's wrath at the devil worshippers. It is said that the sect has members in New York. Mrs. Susan McAtee remains very criti- cally ill, her death being expected any hour. Howard T. Cree, of St. Louis, who is here on a visit, will speak at the Y. M. C. A. rally Sunday at 4 p. m., at Front and Market. McCarthy has moved his jewelry store to Ballenger's old stand, where he has the finest line of goods to be found in Maysville. Call and see him when you're looking for anything in his line. At Ruggles Camp Ground. There is not such a beautiful grove and as much shade any where, and as much pure water as at these noted grounds. The Board of Directors are doing every thing to make every one who visits these grounds feel welcome. Quite a number of families have already gone and others will be going to-day, and although the meeting does not begin until next Thursday, the 24th, the place is so beneficial that the people go earlier each year to get the benefit of the place. Still a few rooms and cottages to let. Any one desiring same write I. M. Lane, Maysville. TOBACCO CROP. Acreage is Short This Year According to Reports From All Sections. The Department of Agriculture at Washington sent out its last weekly re- port showing that the acreage reported as under tobacco is considerably smaller than that shown for the crop of 1901. Of the principal tobacco producing States, Maryland shows a decrease in acreage amounting to 2 per cent.; Virginia, 4 per cent.; Pennsylvania and Ohio, 8 per cent.; Tennessee, 10 per cent., and Ken- tucky, 17 per cent.; while in Wisconsin and North Carolina the present areas are 7 and 9 per cent., respectively, larger than those planted last year. The average condition of tobacco is one point below the ten-year average in Maryland and North Carolina, two points in Kentucky and Pennsylvania, three points in Tennessee and six points in Virginia. On the other hand, Ohio and Wisconsin show conditions five and ten points, respectively, above such averages. Convict Kills His Wife. Chicago, July 19.—Because his wife gave evidence that her love for him had waned while he spent 17 months in the state prison at Chester, Ill., William Nelson shot and killed her at their home in Englewood, and then turned his revolver up on himself in an ineffectual attempt to take his own life. Their baby, too young to realize that a crime was being committed, was the only witness to the tragedy. The man's wound was only superfi- cial. In a letter addressed to "The people of Englewood," Nelson tried to justify the crime he intended to commit. He had returned from prison only two weeks ago and in spite of his life of a burglar, had professed great love for his wife. She, he said, no longer loved him and was not leading a good life. The vote on local option at Ironton this week resulted in a victory for the "wets." Christian Church—The minister, R. E. Moss, is expected home to-day, and will preach Sunday. Nature has just one pigment on her palette with which she produces all the marvelous tints of beauty, and that one pigment is the blood. The shell-like pink beneath the finger nails, the delicate rose of the cheek, the cherry ripeness of the lips, the iridescent brilliance of the eyes are all produced by the blood. Just as the perma- nence of a beautiful painting will depend upon the purity of colors with which it is painted, so the permanence of beauty depends on the purity of the blood. Paint, powder and cosmetics won't avail to preserve beauty. Beauty begins in the blood. Dr. Pierce's Golden Medical Dis- covery is a true beautifier, because it provides for nature that pure blood with which alone she can paint. The use of this medicine will cleanse the skin, heighten the complexion, brighten the eyes and give to face and form that radiance of health which is the greatest charm of beauty. Dr. Pierce's Pleasant Pellets are very effective in ridding the system of clogging residuum, which accumulates with constipated habit. ANNOUNCEMENT. FOR CIRCUIT JUDGE We are authorized to announce FRANK P. O'DONNELL as a candidate for Circuit Judge, subject to the action of the Democratic party. Our Semi-Annual Clearance Sale Begins Saturday, 19th. We will offer values that are incom- parable in quality and price. Quoting prices in the papers gives you but a faint idea. See Merchandise and learn prices. Our Clothing Window will tell the story much better than we can tell it to you in news- papers. It is almost needless to tell you that, no matter how cheap in price the goods in this sale will be sold, the qualities will be up to our standard. Goods sold during our Clearing Sale will be sold for cash only. D. HECHINGER & CO., THE HOME STORE. SOME R COAL And summer ain't coal. Some is winter coal. We have both. KINGS OF LOW PRICES.

RIVER NEWS.

One of the Government Dams Will Likely Be Located at or Near This Point.

Gould, Tacoma, Queen City and Indiana up to-night. Down Sunday, the Stanley.

The City of Wheeling did not pass down until after 3 o'clock Friday afternoon. She is a trim little craft.

Government engineers believe the new moveable dam at Cincinnati must be built between Home City and the dike just below Anderson's Ferry. It is figured that the new dam will give six feet more water in the channel as high up as Coney Island. The effect will be greatly lessened immediately above Coney Island. On the recent excursion to celebrate the achievement of securing the Cullom's Riffle dam, it developed that the next step will be to secure a moveable dam at Coney Island, to increase the depth of the channel on four-mile bar. Eventually the same sort of dams will be needed at Chilo, also near Maysville and at other points.

Exchange: "The White Collar Line last week ran in and gobbled freight consigned to the Helen Gould and delivered it at landings to which it was directed. A. G. Lockhart at the mouth of Brush creek refused to receive a consignment of corn intended for the Gould, brought to him by the Tacoma, and Frank Spears, of Manchester, refused a consignment of tobacco which was directed in the care of the Gould and which the Tacoma had loaded without orders from any one. A little of this kind of work will learn the White Collar people that they have no place in the affections of the shippers and that they are out of it because they have not treated the people fairly when they were without opposition."

Frank Harting, of Lexington, has been assigned to night duty at Pogue's distillery.

The late Lewis D. Collins, of Fleming, was a brother of Mr. Gilbert Collins, of this city.

The engagement is announced of Miss Lillian Waller, of Paris, to Mr. Henry T. Judy, of Carlisle.

Union services Sunday night at M. E. Church, South, Washington. Sermon by Rev. T. S. Buckingham.

Auditor Coulter expects the State to win insurance tax cases that will increase the revenue \$400,000.

Mrs. Lucille Blackburn Lane, daughter of Senator Blackburn, died at Washington Friday after ten days' illness.

Alvin Nash and Miss Emma McKee, aged nineteen, were married at Rectortown Wednesday, Elder T. P. Degman officiating.

George Turney, of Ripley, was struck by a deckhand on the steamer Courier while the boat was at Aberdeen, and had his skull fractured.

Mrs. Evaline (Blair) Stewart, born in this city Sept. 21, 1826, died recently at the home of her daughter in Tennessee, and was buried at Georgetown, O. She was a daughter of James and Phoebe (Jones) Blair. Her father died while the family resided in Maysville.

O. H. P. Thomas & Co., Nos. 120 and 122 Market street, Maysville, Ky., sell Old Time Bourbon and Maysville Club Rye, direct from the distillery, by the quart, gallon or barrel; the finest in the State; guaranteed pure and as represented as to age. THE H. E. POGUE DISTILLERY CO.

FLOATER FOUND.

Body of a Negro Man Discovered in the River Near County Infirmary Friday Morning.

The body of a negro man was found floating in the river Friday morning in front of the County Infirmary grounds by Mr. T. K. Proctor and son of the Sixth ward.

Coroner Wood being out of the city, Squire Grant was summoned and held an inquest. The negro looked to be about thirty-five years of age, and the body had been in the river several days. The supposition is that the man had fallen off of some steamboat. A knife was the only thing found in the pockets. No marks indicating a violent death were found. A pair of new shoes the negro was wearing when drowned were saved and may lead to his identification. After the inquest the body was buried on the river bank.

No services to-morrow at the Church of the Nativity. Bishop Burton, of Lexington, will go to Vanceburg to-morrow morning to preach and administer holy communion, and the parishioners of the Church of the Nativity are invited to go to Vanceburg for this service, leaving here at 10:01 a. m. and returning in the afternoon at 4:20.

West Union New Era: "While passing through the Brush creek bridge, near Cedar Mills, recently, we noticed a poster, in an excellent state of preservation, announcing a political meeting to be held on September 22, 1890, at Blue creek, the speakers being Hons. J. M. Wells, Alphonso Hart and Wm. H. Wadsworth, all of whom we believe are dead."

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

The proprietors of the Favorite Clothing Store have only till Aug. 15th to close out their stock, as they have disposed of their lease, and have to turn over the building. This is your opportunity, for they have fixed prices on their goods that will move them. If you are wise, you will buy now. You can save money by doing so, and money saved is better than money made. Take advantage of this closing-out sale.

The race for the Democratic nomination for Commonwealth's Attorney and Circuit Judge in the Twenty-first Judicial district has developed into quite an interesting contest, which will be decided by a primary election on August 5th. The candidates for the nomination for Judge are Hon. W. A. Young and Hon. C. W. Nesbit, both of Mt. Sterling. The candidates for Commonwealth's Attorney are James H. Williams, of Frenchburg, Alex. Connor, of Owingsville, and J. W. Riley, of Moorehead.

ROBERT GREATHOUSE.

A Brother of the Late Ridgeley Greathouse Made First Trail Through the Indian Territory.

Robert Greathouse, a younger brother of the late Ridgeley Greathouse, whose death was recently mentioned, was a man of distinction and wealth in the West and Southwest.

He went from California to Texas, where he was largely engaged in the cattle business. While on a drive with thousands of cattle to Idaho, cholera broke out among his drovers, and they became panic-stricken and most of them deserted him. He was left almost alone, and had to swim a river twice, carrying a man on his back either time. The exposure brought on an attack of the cholera, of which he died, without any attention, and was buried, wrapped only in his blanket, and in the same grave with one of his men.

The St. Louis Republic, in speaking of him as the renowned Robert Greathouse, said he made the first trail through the Indian Territory, and had the Indians to contend with all the time.

The Greathouse men were all adventurous, daring, hardy and highly intelligent.

T. T. Asbury, of Nicholas, and a Mr. Vanhook, of Harrison, were in town this morning trying to locate Otis Florence and Miss Sallie Vanhook, a runaway couple. The couple eloped last Monday night and boarded the train at Carlisle for Maysville Tuesday morning. They have not returned home, and no trace of the runaway lovers has been found after their departure from Carlisle.

—Mrs. Jennie Delotell and sons, who have been visiting Mrs. Joseph Aikman, of the West End, have returned to their home at Portsmouth, accompanied by her little niece, Rosa Wood Aikman.
